bonumahanthic@gmail.com

PROFILE

Technically advanced Java Developer with 3+ months of internship experience in designing, developing, and delivering user-centric software applications using Java technologies. Offering strong expertise in Java, JavaScript, HTML, and .NET. Seeking to secure a challenging position as a Java Developer to contribute to innovative projects and grow technically.

EXPERIENCE

Java Developer Intern

Diggaj Coder, Remote

Nov 2024 – Jan 2025

- Developed and maintained scalable Java-based applications to enhance platform functionality.
- Collaborated on backend systems for a Full-Stack Development Course platform.
- Ensured code quality via rigorous testing and debugging.
- Helped create a responsive and interactive UI.

PROJECTS

Online Leave Management System

ASP.NET, SQL Server

Jan 2025 – Feb 2025

- Designed and developed a leave management system using ASP.NET and SQL Server.
- Implemented user roles (Admin, Manager, Employee) with secure login and workflows.
- Built dynamic forms and dashboards using Razor pages and Bootstrap.
- Integrated SQL Server backend for leave tracking and approvals.
